Enjoy your garden during all four seasons with a Gardendreams veranda

Would you like to make the most of your garden and outdoor living? You can turn this into a reality by creating the ideal living space with a Gardendreams veranda. Our sophisticated veranda system is constructed with an eye for quality, custom tailored to fit your needs. Extra thick parts for outstanding stability, proper finish for an attractive appearance and above all, a complete system for carefree pleasure.

A Gardendreams veranda offers you a novelty experience, whether you choose for polycarbonate or glass roofing. Both choices includes a strong roof that is weather proof. Do you have a taste for modern design? Or perhaps something classic? Whatever your wish may be, Gardendreams combines style with quality.

Turn your veranda into a garden room

The one-of-a-kind Gardendreams system is fully prepared for a possible extension with frontal and side walls. This can also be complemented with an open, transparent glass sliding system. At Gardendreams, it is also an option to require a custom manufactured aluminium garden room that perfectly fits your house. A free maintenance, robust and elegant veranda system for an intriguing price is what Gardendreams has to offer. Have a look through this brochure and be inspired with all kinds of endless possibilities. Let's turn your garden dreams into a reality!
